Approval from the Department of Health is required for aerial spraying of pesticides over a city [NDAC 33-15-10-01]. This application form must be completed before approval will be granted. Aircraft spraying and loading equipment must be dedicated for the use of only those chemical pesticides approved for residential ULV spraying and no other chemical pesticides will be used in the spraying or loading equipment. If a public health emergency exists, these requirements may be waived.

The aerial applicator must also be registered by the State of North Dakota Aeronautics Commission (701-328-9650) and must have Federal Aviation Administration (FAA) approval to conduct a spraying operation over a city congested area. To receive this approval the aerial application can contact the FAA Flight Standards District Office, 1801 - 23<sup>rd</sup> Ave. North, Room 211, Fargo, ND, 58502, 701-232-8949.

The North Dakota Department of Health will not be held liable for any accidents, misapplications, errors in mixing, etc. These are the sole responsibility of the pesticide applicator.

**If the application of pesticide is not completed within five days of the date proposed, please contact this office. An extension may be granted.**
